

YOU HAVE A CHANCE.
Tell us not in mournful numbers
Life is but an empty dream;
That we blokes get all the skim milk
And the Trusts get all the cream.
Life is earnest, so get busy;

When good things are flying by you,
Just reach out and take a grab.

The said sidewalks and curb and gutter shall be constructed in conformity to the plans and specifications for the construction of cement sidewalks and curb and gutter on file with the Mayor of the City of Maysville and now referred to and adopted as a part of this ordinance and hereto attached.

SEC. 2. Said work shall be done and said material shall be furnished at the exclusive cost and expense of the owners of lots, parts of lots and parcels of land fronting or abutting on said streets except as above mentioned and between said points in front of which said improvements shall be so constructed and under the supervision of the Engineer and Special Sidewalk Committee and subject to the approval of the said City Council, and if it should be found by the said City Council that any part of said improvement does not conform to said specifications or to this ordinance, or that any materials so furnished are not of the kind or quality required by said specifications, said City Council reserves the right to require the contractor to have the same completed, in the manner specified, by some other person at the cost and expense of such contractor.

The contractor to whom the contract for doing said work may be awarded hereunder, must enter into a written contract with said city and must execute bond to said city sufficient to guarantee the faithful performance of his undertaking.

SEC. 5. When the work is completed in accordance with the contract and specifications, the work shall be received by the said City Council upon the receipt of a certificate from the City Engineer and Special Sidewalk Committee, stating that the work has been done according to contract and specifications; and the said City Engineer shall apportion the cost of said improvements against the lots or grounds abutting or bordering the improvements, except as above mentioned, and any owners of the lots and grounds abutting or bordering the improvements desiring to settle in cash for the improvement assessed against them, may within thirty days after the adoption of the apportionment, pay the amount assessed them to the City Treasurer, who shall place the money in the "Street Improvement Fund." At the expiration of thirty days after the adoption of the apportionment, the Treasurer shall report to Council the amount of cash received, from whom and upon what lots it is paid, and the Council shall order the Mayor and City Treasurer and Chairman of the Ways and Means Committee to advertise Sidewalk Improvement Bonds for sale to cover the unpaid balance, together with all expenses attending the issue and sale of bonds, including the advertisement, cost of printing bonds, etc., said bonds to bear interest at the rate of 6 per cent. per annum; and when the bonds shall have been sold, the money realized therefrom

The first installment, together with interest on the whole amount at the rate specified, shall be payable at the first payment of taxes next succeeding the time the assessment is placed upon the tax list, the interest to be computed to the date that taxes are due and payable and other installments annually thereafter and always at the time of payment of the other city taxes, with interest on the installments not due at the time, until all installments are paid. The assessments may be collected like other city taxes or the city may at any time after one installment remains delinquent for thirty days, by suit in equity, enforce its lien for all the unpaid installments with interest thereon until the date of satisfaction of same and its cost expended.

SEC. 7. That all ordinances and parts of ordinances in conflict herewith are hereby repealed.

SEC. 8. That this ordinance shall be in full force and effect from and after its passage and publication.

TIME TO ACT

DON'T WAIT FOR THE FATAL STAGES OF KIDNEY ILLNESS—PROFIT BY MAYSVILLE PEOPLE'S EXPERIENCES

Occasional attacks of backache, irregular urination, headache and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time, but return with greater intensity. If there are symptoms of dropsy—puffy swellings below the eyes, bloating of limbs and ankles or any part of the body—don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old-time health and vigor will return. Cures in Maysville prove the effectiveness of this great kidney remedy.

Frederick Drael, 1238 East Second street, Maysville, Ky., says:
"I consider Doan's Kidney Pills a most excellent remedy for kidney trouble and am only too glad to speak in their praise. About five years ago I was bothered by weak kidneys and the kidney secretions were scanty and attended with pain during passage. Sharp twinges across the small of my back were common and greatly interfered with my work. While telling a friend of my condition, he advised me to use Doan's Kidney Pills and I procured a box at J. J. Wood & Son's drugstore. I used them according to directions and they gave me prompt relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

"How Can I Appear Best Always At the Smallest Money Cost?"

This is a mighty important question to you. It strikes right at the heart of the clothes question. We can best help you answer it. It's not the first cost that counts. An unworthy garment is the most expensive in the end. The secret of dressing well at a minimum expense lies in the care of the selection. If you select wisely and well, we have no fear that you will pass our present offerings. And the first cost of clothes—the kind we sell, admittedly the finest garments procurable, made specially for us—is no greater than that of ordinary clothes.

WILL QUIT TEACHING

Miss Fannie I. Gordon Will Close Twenty-three Years Work as Instructor at End of Term

To the Public: It is my purpose to discontinue teaching at the close of this session and I take this method of informing my friends and patrons of that fact. I have given the best years of my life to teaching among the good people. The work, of necessity, has been laborious, but the consciousness that I have at all times had the confidence and support of the best people in the community, has been a source of strength and encouragement beyond all computation, and in discontinuing my school I wish to give distinct expression of my profound appreciation of their uniform and unstinted kindness and to thank them for it.

KILLS SELF AND WIFE

Everett Poe Well Known Bracken County Man Murders Wife and Then Suicides

AUGUSTA, Ky., April 6th—Everett Poe, forty-seven years old, shot his wife, Mrs. Eva Poe, forty-five years old, through the back and then shot himself twice in the breast. Both died in a few minutes.

They had separated several times in the last few years on account of another woman.

The shooting occurred at James Ware's barn, where Mrs. Poe had gone to care for Mrs. Ware, who is ill. The couple had one daughter, Mrs. Herbert Smith, and one boy.

The dead murderer was a noted horseman of the county and was in Maysville last Monday attending county Court Day stock sales, in company with James Ware.

There is more in the tragedy sent out from Augusta and the facts will develop later.

Kansas Woman Helpless

Lawrence, Kan.—Dr. J. F. Stone of this city says: "My wife suffered for ten years from womanly troubles, during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardui and since then has greatly improved in health. The tonic, strengthening and restorative effects of Cardui, the woman's tonic on the womanly constitution, are the most valuable qualities of this popular medicine. Cardui acts specifically on the womanly constitution. Half a century of success proves that Cardui will do all that is claimed for it. Try it for your trouble."

20% UNDERFEED INVESTMENT

Most heating systems are an actual drag on the domestic treasury. If you want to enjoy actual every-winter dividends, tear out your old glutinous coal-burner, with its uneven heat and hard-to-satisfy appetite for fuel. Put in a

PECK-WILLIAMSON UNDERFEED FURNACE OR BOILER

Choose the system you like best—warm air, steam or hot water. Cheapest slack in the Underfeed yields as much clean, even heat as most expensive grades; which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed furnace and boiler users to

SAVE 20% OF COAL BILLS.

This saving represents a 20% dividend on the investment for this modern system of heating. Figure it out. It won't take long to get your money back. The Underfeed adds to the selling or renting value of any building.
